Table 1

 The provider directory allows users to search for health care professionals using criteria they enter into the search form as shown in Figure 1. The only field that is required is the "Type of provider Fields." All others are optional; however the Zip/Distance field should be filed out to focus search results. When finished selecting filter criteria select Search Providers.

Figure 1 – Search Criteria

The search results will be displayed directly under the search fields as shown in figure 2. The results can be printed directly or a directory can be created an emailed to a supplied email address.
